

Flu-Pandemic – swine influenza (H1N1)

Dear Sirs,

Certainly you have heard in the press about the swine influenza (H1N1)
Regarding to the current situation we have informed all our employees about the topic
swine influenza and all the necessary steps to avoid this pandemic.

Because of our certification of BRC and IoP, our employees are experienced in handle
cases of illness. We have certain rules which are respected by our employees and which are
realized in the daily work.

Additional we have handed out a bulletin which includes all preventive measures towards
swine influenza. We are convinced that with all these preventive measures we have to create
a basic in order to avoid the spreading of swine influenza.

If we have any cases of swine influenza in our firm, we will arrange all necessary steps,
which are needed to be taken, to guarantee no exposure of your ordered products.

Kind Regards

Your allflex Team
